Dear Falls -

Got your letter the other day - Mom -  
wants a million - I don't know what to write  
just don't nothing to write about - been quite  
busy the last couple days - we were supposed to  
fly the other day - but the weather was quite bad  
so we didn't - which was O.K. - we fly tomorrow  
mornin - hope so anyway - I'll enclose a couple  
pictures of the crew - I'm getting some more developed  
& I'll send them also - just got done with P.T. &  
was supposed to be in bed now - so we can get  
up tomorrow - the old bed looks pretty good tonight  
I don't need the wool socks now - better give  
them to Dad - He's always getting next best - You  
about Sat - I've got everything I need - for now - so  
don't worry about me - I know it's pretty hard  
to keep that skin up now - but I know you  
can do it - I hope Mom is O.K. & getting well

Hope you are all well & better noted out for  
the blue - some of the boys got it real - well  
I guess that isn't much more to write so I'll  
close for now -

Noticed the equipment we used - some fun -

Love
