Dear Folks,

HAROLD CHARLES PHENOW

Well there ain't a great deal to write about - just the same old stuff - just been going to ground school + flying - flew the last couple days - the weather has been quite good - clear + warm - I flew the other day - for 6 hours all at 20,000 ft - boy I'm really tired when I got down - flew all formation today we had an exercise to see how air to ground gunnery - wasn't bad - got all our rounds shot off - I shot a few landings really fun - We just got down a while ago - we go to ground school tomorrow I just as soon fly - but I guess a guy has to do that also - we fly Sun. + Mon. from what I hear - Boy I'm really tired tonight + that old bed looks pretty good

Hope you are all well & the weather isn't too
cold up that way - Guess I'd quit for now
got a couple more letters to scratch off - OK

Love

Harold
