Dear Folks - Got a couple of your letters + the Osseo Press - that's a million - Please not change of address - I also changed Base + am now at a permanent Base - in England - is about all I can say - this is not a bad Base at all - but we sure are awful busy - really keep us on the move. You can read a lot about it in the papers - received quite a bit of mail that one day - now all I have to do is answer it - boy what a job - in our spare time we have to go around looking for fire wood - for our stove - we will freeze here - if we ain't careful - I guess I got about 6 pounds also so it ain't so bad - you also got to get myself a bicycle to get around the Base with - a guy could walk around here it would take too long - a guy pays about 7 lbs for an English money - that's a lb American money - well not good to hang around small either - well going to a little schooling now - class is pretty good - well to you
