Sandy night
22 April 45

Dear Folks -

Not a great deal to write about
I flew yesterday - more fun - had lots of
fun - also got a pass today - made
my way into town - got ~~to~~ awful
tired. & a sore, both sides - but
it was something different - why had
a plane out for us last night
won't to bed - By the way we sure have
been having some nice weather lately
really ~~like~~ summer time weather -
probably rain tomorrow - Haven't been
receiving hardly any mail - Hope it
catches up soon - Hope you receiving
my mail OK - Don't know what is
postal & mail by air mail - Let me
know - I got two passes since we
been here - really OK - How is
Mamma - is she out at the hospital
yet - Hope you and all well & OK
is the little one running around
yet - if I ever get a 48 hour
pass - am going to London - should
be quite a deal - but then passes
and few & far in between - I suppose
the kids are just about winding up
their school year - Pretty chilly out

tonight - so we got a roaring fire
in our stove - We got a stone about
the size of a ten gallon Pail - we
also got chicken tonight for supper
we get shot one a week - so its
pretty good - Guess thats about all -

Love
Harold
