Dear Folks -

Got your letter yesterday
Pete & yours today. Now -
really OK - I also got a
letter from Mace, Alid, Moy
Wells - Frank - & the ones
over - so I really got some
answering to do - so here goes
Boy the house would look
pretty good after it's all painted
but I'm not sure - won't
any good anyway - just a suggestion
you should also paint the outside
of the house - really needs it
Glad to hear you got good
weather now - should really
make everything grow - didn't
do much today - did my laundry
really come out good & clean

was going swimming today but
our crew had to stand by - for
the sea was rough - just a pain in
the neck is all - got a hair cut
again - so now I don't have to
buy a dog license - ha ha - well
we got a pass coming up the
road at this much to go to
England - 72 hours - I didn't
want to go to England but I
didn't have much choice - they
tell you need to go - it's better
than nothing - to get away from
here - just got her with her
& a couple of cubs - so feel
pretty good - also took a nap
this afternoon - well for -
I think I'll go to Moss in town
tomorrow for a change - French
Crest - should be OK
over

Am fine & hope you all OK
Glad for Gramma is all right
How Duke - & Mosley - & staff
My children are really high
about they - I had for quite a
treat - I think I told you
I received the book - really OK
the biscuits were maddy - so it
don't pay to them - guess
that's all for now - Love
Loy - all of you

Love
Harold
