Dear Folks -

Got you two letters today Pete & Tom - really OK - Say Tom wants that I see you going to the hospital with a certain little gal - my my - Ha Ha - ● you take it out on her Tom - Ha Ha - Well I just got back from Africa again - makes the 8th trip - more fun - guess I won't go again now until after my pass - I hope -

Had a USO show here the other night really OK - all girl band - from the U.S. - which was OK - We also got a new Mrs Hall - at least we could eat - well out the dust - so it's pretty good - to bad you couldn't have gotten your fish pate - God to her Frank got in the air corp - I think he'll like it a lot better leave it to God - to get the women to bump out the Cister - Good deal - I do it look - hope not

Soy that house is really going to look
all right - pretty small - I'd say - we
did need it - seems for the map etc -
see nothing too long at all - around
the place - looks like it's getting bigger
around the place - well not a great
deal else to write - May go to the
iron after awhile - might go swimming
tomorrow if they don't have some swim else
for us to do - take it easy - tomorrow
is another day -

Love

Howard
